DESCRIPTION
LIFELINE®+ Equine contains functional, biologically active components (such as peptides and immunoglobulins) and a fermentable digestive aid that work together to support the lungs, gut, joints, immune system, and reproductive tract. LIFELINE®+ Equine supports total-body wellness through:

1. Enhanced lung function.
2. Helping support structural integrity of the lung tissue.
3. Enhanced gut function.
4. Keeping the digestive tract functioning properly which may help reduce the possibility of colic.
5. Supporting normal GI health and function.
6. Helping support structural integrity of the gut lining.
7. Enhanced immune function.
8. Promoting the body’s innate resistance to pathogens.
9. Helping maintain a healthy pregnancy.
10. Providing factors important during reproduction and lactation.
11. Help maintain joint mobility.
12. Ease joint stiffness due to normal daily exercise and activity.

FEEDING DIRECTIONS
1 scoop holds 100 grams

NORMAL DAILY USE: Feed 1 scoop daily
SENIOR HORSES: Feed 2 scoops daily
PERFORMANCE HORSES: Feed 2 scoops daily
EXTREME CONDITIONS: Feed 5 scoops daily

NOTE: Mix thoroughly into normal grain ration. For finicky eaters, introduce to diet at reduced levels and increase slowly over several days. In order for your horse to get the most benefit from any nutrition program, consult with a veterinarian regarding dental and deworming protocols.
